TADLP Funding Priority Factors

CG Priorities

Readiness Requirements

Student Load (ROI)

Maintenance vice Redesign

Proponent's priority

Number of dL Hours

Proponent School's dL courseware fielding rate

Other Factors:

Equitable distribution amongst schools (as much as possible)

Submission of required documentation

Content change frequency (Is the content changing often?
Is the content expected to change in the near future?
Has product been funded in the past and if so, how long ago?)

Cost

Purpose

- Validate FY09 dL Courseware Prioritization List
- Review FY10 dL Courseware Nominations
- Recap Annual dL CW Nomination & Selection Process

Prioritization Vision

- The nomination and selection process facilitates understanding and stakeholder 'buy-in' of the prioritized CW list
- dL Workshop End-state: to validate current (FY09) and review FY10 CW priority lists with full visibility and cooperation of all stakeholders

FY09 dL CW Nominations Milestones

- **Apr 08** - TRADOC will distribute validated FY09 CW list
- **May 08** - CADs and 30 supplemental questions for all FY09 products to be submitted concurrently to respective Training Requirements Analysis System (TRAS), POCs, and the Army Training Support Center (ATSC) Courseware Managers
- **Jul 08** - Schools submit SOW and GFI for all FY09 products
- **Aug/Sep 08** - FY09 dL CW funding decision
- **1 Oct 08** - Begin obligating funds

TADLP Funding Status/Way Ahead

- PME remains top priority
- We prioritize dL courses despite the perceived funding status (last FY were able to fund 45 courses)
- Schools must prepare delivery orders, GFI Certification, and CAD, for funds release. Need full proponent support in this area.

Courseware Approval Process Review

- New courseware nomination and approval system is web based
 - Courses are TADLP or non-TADLP
 - System will reflect updated requirements
